Hi, my name is Olivia Schroeder and my birthday is March 29, 2013 and I live in Loveland, Colorado. I like to draw, play laser tag, spend time with my cat, and hang out with my friends. I also enjoy reading books, crafting, and playing my Nintendo Switch. I enjoy gymnastics, swimming, and riding my bike. I even wrote and illustrated a comic!

I started acting in the ensemble cast of Frost-T the Showman in 2019, when I was 6 years old. I love acting because I get to be a person that I can't be in real life. I think the costumes and makeup is really fun! Being on episode 3 of Making Fun on Netflix was fun because I got to talk about an invention and they had to make it and it was really cool to watch them do it. The only sad thing is we didn't get to keep it. I want to continue acting on stage and on film because then I really love playing different characters.

Thank you for your consideration,
Olivia
