

Dear Administrator,

My name is Almarilys Bella Ortiz, but I like to go by Alma, which means “Soul” in Spanish. I’m excited to introduce myself as an aspiring actress with a kind heart and a passion for storytelling and connecting with people. Even though I’m only 13 years old, I’ve loved performing for as long as I can remember. Acting has always made me happy because it lets me share emotions, inspire others, and bring people together, especially when times are tough. I got to experience this through acting in my school’s theater program, where I’ve motivated other kids to try new things and do their best, especially since I’m on the autism spectrum.

One of my big goals is to help change how people view autism and to remove the stigma around it. I hope that through my acting, I can inspire others to embrace who they are and bring more joy and laughter into their lives. I’m really excited to continue this journey and make a difference in the entertainment world.

Thank you for considering my marketing package. I can’t wait to share my passion and dedication with you.

Sincerely,

Alma (Almarilys Bella Ortiz)
