As a young child I have always been expressive. I loved watching my favorite tv shows and would act out or emulate them. I always wanted to be a part of that world.

My mother helped me cultivate my talent by enrolling me in Alvin Ailey and singing lessons. I even joined summer programs for acting and loved it! These are some of the reasons I want to be in the entertainment industry. I love singing, acting, dancing and modeling. I can't really see myself doing anything else as a career.
