Subject: Passionate Pursuit of a Dream in the Entertainment Industry

Adriel has shown an interest in entertaining from an early age. He is always making us laugh, dance and sing along with him when he wants to express himself. He shows creativity when using his Lego blocks to build original pieces. He's a great team player, very sociable, and has a wonderful sense of humor.

We want to help Adriel pursue his dreams of entertaining the world by bringing happiness to people's lives. We support his aspirations and are confident that he will bring passion, dedication, and joy to any project he undertakes.

Thank you for considering Adriel for any opportunities.

Sincerely,

Dafne S. Machado  
Raul Avila
