Dear Agencies,

I am confident that my excellent memorization and passion for acting as well as my experience will be of great value to you and an excellent choice for the positions.

As my attached resume outlines, I have good acting experience. I have achieved performance awards, and I am confident I can achieve similar results and much more if considered.

My proudest achievements include "Sound of Music" and "Finding Nemo" both of which were rated high. I am charismatic and energetic, attributes I know are important to this industry. I am looking for an opportunity to grow in the acting world and further develop my skills.

I am thrilled at this opportunity.

Thank you for taking the time to review my resume.

Regards,

Josiah Folusho
