Dear Agency,

My name is Amellia Baez, I was born in Kissimmee Florida on May 20, 2016. I have straight A's in school and I like to participate in sports. I was in the Track and Field team and the Cross-Country team for 2 years and I was in a musical theatre play with my school for the movie Encanto. I am also learning how to play the piano and speak Spanish to expand my knowledge and strengthen my skills.

While I may not have professional acting experience, I have realized I have a great passion for the arts of acting, singing and dancing. My dedication to learning will make me a promising fit for your agency. I am excited for the opportunity to begin my journey, to learn and grow in my career and to contribute to your agency. Thank you for taking the time to read and learn about me and thank you for your consideration.

Sincerely,

Amellia Baez
