

Hi! I'm Lainey Byham. I like drawing, writing, camping, and of course, acting. I have one sister and a mom and dad. I like going places and exploring the outdoors. I have acted in several plays including my 3rd grade school play, a 4th grade special production play, and my 4th grade school play where I played a lead character.

When I act and am able to portray a character I feel the world goes away, and that's nice for me. I feel like I can act like nobody's watching. I also like that when I act, I am doing something not all people can do, and that makes me feel special. Mostly, I like that acting gives me something to focus on and love.
