Dear Talent Managers,

I am writing on behalf of my child, Brayden Adams. He is just beginning his journey in acting but eager to perform. He is full of personality and loves to make people laugh. He loves to try new things! He would be interested in doing tv shows, commercials, movies, YouTube, or modelling.

As a parent, seeing your child develop their own dreams and passions is one of the most fulfilling experiences. This is why we are completely supportive of him and will be there to help however we can.

Brayden has always been fascinated with storytelling and performing on stage since he was young. He has a natural knack for it and has always been confident in front of an audience. He loves watching YouTube videos and mimicking them. He took the next step by taking acting classes through Talent Auditions and participating in a showcase. He also attends an art-based Pre-Kindergarten where his electives are drama and dance.

Are you looking for a kid with:

- A big personality and dimples to boot.
- A 5-year-old who memorizes quickly.
- A kid who loves to make people laugh.

If so, then you need look no further. You will see from the enclosed resume that Brayden meets all these qualifications and more.

Thank you for taking the time to get to know Brayden on paper and reviewing his resume. We look forward to you meeting him in person and seeing if he is what you are looking for!

Sincerely,

Jennifer and James Adams
