I have taken several acting classes with a wide variety of subjects and coaches. I hope to work toward roles in commercials, television and possibly film. I believe my versatility lends itself well to various roles. I am high-energy and strive to maintain a positive attitude and freshness throughout long shoots which I believe is an asset for anyone in this industry. I possess a unique look that stands out from the crowd. My coaches in both acting classes and in sports have praised me for my work ethic and positive attitude.

I would love to meet with you in person to demonstrate my fit for this agency. Please don't hesitate to reach out to me by phone or email and I thank you for your time.

Warmly,

Cara Lamoureux
